THIRTY-NINTH ANNUAL REPORT

STATE OF MONTANA

OFFICE OF THE STATE AUDITOR
INSURANCE DEPARTMENT

Showing Summary of Insurance Business Transacted
During the Year Ended December 31, 1944 As Shown
by the Annual Statements of All Companies Authorized
to do Business in Montana, and Containing a Fire-Loss
Report of the State Fire Marshal.

JOHN J. HOLMES
State Auditor and Commissioner of Insurance

SKEFF SHEEHY
Deputy Commissioner of Insurance

We acknowledge with thanks and appreciation the time and effort spent in compiling this report by Dorothy Gabel of the Insurance Department Staff; also the advice and help of J. Sidney Coleman, J. F. Higgins, Marian Schubert, Winifred Foley, Mary K. McLeod, and Ann Shea. We also thank Flitcraft Incorporated for their permission to use in this report a modification of the finger-tip index found in the Flitcraft Compend.

OFFICE OF THE STATE AUDITOR

Insurance Department

June 1, 1945

To His Excellency,
Sam C. Ford,
Governor of Montana.

Sir:

I have the honor to submit herewith the thirty-ninth annual report of the Insurance Department of the State of Montana for the year ended December 31, 1944.

I am pleased to report that for the first time in the history of the Department, the income from taxes and fees surpassed the \$400,000 mark. Actually a total of \$422,001.07 in taxes and fees found its way into the general fund of the state treasury from the Insurance Department during the year 1944. This marks a climax to the steady rise in income which, except for a slight decline during the dark depression years, has continued upward for the past twenty-five years. We may therefore consider that the income is fairly permanent, and not due solely to the expansion caused by World War II. We are fortified in this opinion by the fact that incoming reports from insurance companies indicate that we may expect at least the same amount of income during the year 1945.

In considering the forward march of the insurance business in Montana, we are not unmindful of the persons to whom full credit is due. The Montana agent, in whom survives the Old West traditions of honesty, sincerity and above-board dealing, has established a code of ethics that tends to discourage the racketeer, and has gained the confidence of the buying public. Insurance selling is becoming more and more a profession, requiring intensive training, brains and business acumen to meet the individual insurance problem. The Montana agent has established his ability; he is equal to the task. We must also give unstinted praise to the fieldman whose tireless efforts have kept the insurance business rolling in our State, and to the high-minded officials of the companies who have given the Insurance Department their fullest cooperation.

All Classes Up

The healthy tone of business was reflected in all classes of insurance companies. Fire companies increased their total premium volume 4.43%. Losses incurred by fire companies were somewhat higher. Companies writing hail coverages had a bad year in several cases, but good loss experience in several other fire coverages helps make the over-all picture encouraging.

Life companies continued their up-grade premium volume. Increases are shown for ordinary life, industrial, annuities and casualty coverages. Group insurance premiums slipped slightly. The average ordinary life policy in force at the close of the year was \$1,982.89, compared with \$1,969.03 in 1943.

Casualty companies also increased their premium volume, up 13.24% from the previous year. Losses, however, increased correspondingly. The general tone of all casualty coverages was good, and it is likely that the increases will continue this year.

It should be noted that the general business increase was and is being effected by an industry in which manpower was sharply cut by World War II.

Annual Report Revised

We have revised in several respects the arrangement of our annual report in order to give as much information as space can afford. Since the activities of the State Fire Marshal are closely related to the Insurance Department and are nowhere reported, we have included a short report concerning fires in Montana during 1944, as they were

reported to the Fire Marshal by the various fire departments. The report is interesting, insurance-wise and fire-wise. Extended coverage in fire policies is presented for the first time in table form in our report.

Importance of Insurance

It is probably needless for us to point out the very important role that is played by insurance in Montana and in the nation today. Insurance has become the backbone of commerce. Without insurance protection no business and no capital are ventured. Because of insurance we have come a long way from the days when shippers and businessmen alike faced whatever disasters or events might come without the knowledge that behind them stood the protection of companies which guaranteed their financial stability despite unforeseen events. The spreading mantle of insurance protects nearly every activity of man.

In order to supply and make available insurance protection the business is growing by leaps and bounds and has, in its own way, provided a livelihood to a great corps of men and women. Thus, in Montana we have a large number of field men and insurance company officials, and several thousand insurance agents, who make their living on commissions from insurance contracts. To these persons the insurance business is their livelihood. The State, too, has benefited in large measure from insurance. Premium taxes and fees are yielding a yearly income of over \$400,000. This amount is more than enough to pay the expenses of all the elective officers of the State of Montana.

Insurance Is Commerce

With these thoughts in mind, we cannot, of course, allow to pass unnoticed the most important single event in insurance in seventy-five years. On June 5, 1944, the United States Supreme Court, in the case of the United States versus the Southeastern Fire Underwriters Association, rendered the decision that insurance was interstate commerce within the meaning of the Constitutional phrase. As a result of this decision, the very foundation of state regulation, supervision and taxation of insurance companies is seriously shaken. The case overturned precedents of seventy-five years' standing involving over twenty cases, including one case originating in Montana. We do not pretend to be able to determine whether the court was right or wrong in rendering such a decision—the best legal minds in the country are split upon that point—but we are certain that the decision, while it remains upon the books uncontroverted, unmodified and uninterpreted, presents us with a problem requiring the full cooperation of all the insurance fraternity, if state regulation is to be preserved.

We should always keep before us the fact that Montana has at stake in this matter an annual income totaling over \$400,000. When we say that this income has been endangered, we are not preaching an idle myth: To date twenty-two companies have protested a total of \$36,640.29 in premium taxes. In order to preserve our Insurance Department regulation, if possible, we intend to give careful study to the matter to determine the necessity and direction of action that we should take. We are therefore holding ourselves open to any advice or counsel that may be offered from any and all sources. We are inviting all of the insurance fraternity to come with us and put its shoulder to the wheel. If there is legislative or administrative action that the Montana Insurance Department should take, we should be very happy to do it. Principally, we are interested in obtaining the cooperation of all the insurance industry. With their help we cannot but prevail.

Respectfully submitted,

John J. Holmes

State Auditor and
Commissioner of Insurance

GENERAL INFORMATION

State Auditors in Charge of Insurance

| John J. Holmes..... | 1933- |

All insurance matters from Statehood, 1889 until 1909 were handled by the State Auditor's Office. Chapter 12, Session Laws Eleventh Legislative Assembly, 1909, approved February 13, 1909, created the office of the Commissioner of Insurance, whereupon a Department of Insurance was formed.

Annual reports on Insurance were prepared and published by the State Auditor for the years 1906, 1907 and 1908 and subsequently by the Insurance Department.

April 9, 1888, appears to be the first record of a Fire Insurance Company formally admitted to Montana, then a Territory; the Fire Association of Philadelphia holds this honor.

The Northwestern Mutual Life Ins. Co., Milwaukee, Wis., was admitted March 27, 1882. This is the first recorded date of a life company license.

Receipts of the Insurance Department for the year ended December 31, 1944, all of which have been paid over to the State Treasury pursuant to law:

| | |
|---|-------------|
| Admission Fees | \$ 2,700.00 |
| Annual Statements Filing Fee | 9,375.00 |
| Company Licenses | 40,375.00 |
| Taxes on Premiums—All Companies | 332,890.07 |
| 7,253 Agents Licenses @ \$5.00 Each | 36,265.00 |
| Annual Statements, Fraternal | 310.00 |
| Service of Process | 76.00 |
| Miscellaneous Fees | 10.00 |

| | |
|-------------|------------|
| Total | 422,001.07 |
|-------------|------------|

Department license year ends March 31. The above receipts are of and concerning the calendar year.

UNAUTHORIZED INSURANCE

By

JOHN J. HOLMES

State Auditor and Commissioner of Insurance

REASONS WHY INSURANCE BY COMPANIES LICENSED IN MONTANA IS PREFERABLE TO INSURANCE OF COMPANIES NOT LICENSED IN THE STATE.

Non-admitted companies pay no fees or taxes into the State of Montana for the privilege of engaging in the business of insurance in this state.

The Insurance Department of this state has no supervision over the operations of non-admitted companies; neither does the Department have visitatorial powers relative thereto.

The policies of non-admitted companies are not inspected or passed upon, in any manner, by the State Insurance Department.

Non-admitted companies may not legally maintain agents in this state. Such companies have no facilities for adjusting accrued claims, except through the media of the United States mails.

The Montana Insurance Department can be of no assistance whatsoever to an assured of a non-admitted insurance company where a dispute arises in a settlement of a claim.

The courts of the State of Montana cannot secure jurisdiction of non-admitted companies. This means an assured cannot sue such companies in the courts of the State of Montana.

The average non-admitted company claim is less than the amount as would give Federal Courts jurisdiction. This means that an assured must seek his legal remedies in the state courts of a foreign state.

A licensed company has licensed state agents, is under the supervision of the State Insurance Department, and may be sued in the courts of the State of Montana.

REMEMBER—When buying insurance you get just what you pay for. So-called "cheap policies" are limited in the extent of protection given the holder of the contract. It is one thing to pay \$3 for \$5,000 of insurance coverage, and quite another thing to collect \$5,000 on a \$3 policy.

SUMMARY OF THE FIRE INSURANCE IN MONTANA, 1944

NOTE TO FIRE TABLES

The difference between "Net Premiums Received" and "Gross Losses Incurred" does not indicate an amount of profit. Acquisition costs, claim settlement costs, taxes, and many miscellaneous costs must also be considered.

Totals in parentheses in tables A-1 to A-11 represent gross losses paid by the companies which did not report gross losses incurred. The National Association of Insurance Commissioners, as a war economy, allowed the companies to forego reporting net risks written and gross losses incurred. Most of the companies reported the figures to the Insurance Department, however, and they are included in our report. For the companies that did not report gross losses incurred, we have shown gross losses paid in parentheses, merely for its informative value. It should be remembered that gross losses incurred and gross losses paid for each company are not necessarily the same, or even approximately the same.

The word "None" in these tables indicates that the company reported no business. If the particular fact was not reported to us, it is indicated in the tables by dashes

NOTE TO LIFE TABLES

A blank in any of these columns indicates an unreported fact. The word "none" is used where the company actually reported such a fact.

The difference between "premiums received" and "losses incurred" or "losses paid" as reported by each company does not indicate a profit made by the companies. Acquisition costs, commissions, taxes, adjustment costs, determining a profit or loss.

Several casualty coverages are written by both life companies and miscellaneous companies. Grand totals for all classes of companies for these coverages will be found in Tables B-4a to B-4 c.

NOTE TO MISCELLANEOUS TABLES

A blank in any of these columns indicates an unreported fact. The word "none" is used where the company actually reported such a fact.

The difference between "premium received" and "losses incurred" or "losses paid" as reported by each company does not indicate a profit made by the companies. Acquisition costs, commissions, taxes, adjustment costs, and many other expenses must be considered in determining a profit or loss.

Figures and totals in parentheses found in the miscellaneous tables indicate gross losses paid. This figure is given merely for its informative value where a company did not report gross losses incurred.

| | | |
|-------------------------------|------------|-------|
| All Business, 1920-1944 | CS-1 | 74-75 |
|-------------------------------|------------|-------|

Miscellaneous Insurance Companies:

| | | |
|-------------------------------|------------|----|
| All Business, 1920-1944 | DS-1 | 73 |
|-------------------------------|------------|----|

NOTE

The difference between "net premium received" and "net losses incurred" does not indicate net profit. Acquisition costs, agents' commissions, taxes, underwriting and adjustment costs, and other general business expenses must, in addition to paid losses, be considered in determining a profit or loss.

STATISTICS—FIRE INSURANCE COMPANIES

Table AS-1

All Business in Montana, 1920-1944

| Year | Number Companies Reporting | Net Risks Written | *Net Premiums Received | *Losses Incurred | Ratio *Losses Incurred to Net Premiums Received |

STATE OF MONTANA
MARCH 31, 1945

Montana being on the "borderland" between Western and Pacific Coast Departments, business written by many of the companies is handled by the Pacific Coast Managers. Wishing to make our report as complete as possible, in addition to officers of the Company, we are giving the name of the manager of the Pacific Coast Department of Companies reporting such departments.

CODE OF ETHICS

of the

National Association of Insurance Agents

I BELIEVE in the insurance business and its future, and that the American agent is the instrumentality through which it reaches its highest point and attains its widest distribution.

I WILL do my part to uphold and upbuild the American Agency System which has developed insurance to its present fundamental place in the economic fabric of our nation, and to my fellow-members of the NATIONAL ASSOCIATION OF INSURANCE AGENTS I pledge myself always to support right principles and oppose bad practices in the business.

I BELIEVE that these three have their distinct rights in our business: first, the Public; second, the Insurance Companies; and third, the Insurance Agents; and that the rights of the Public are paramount.

TO THE PUBLIC

I REGARD the insurance business as an honorable profession and realize that it affords me a distinct opportunity to serve society.

I WILL strive to render the full measure of service that should be expected from an intelligent, well-informed insurance man. Anything short of this would be a violation of the trust imposed in me.

I WILL thoroughly analyze the insurance needs of my clients and recommend the forms of indemnity best suited to these needs, faithfully advising as to the best insurance protection available.

I WILL do my part to help bring the public to a better understanding of insurance, always so conducting my business that the fullest light of publicity can be turned upon it.

I WILL consider it a duty to cooperate with the national, state and local authorities in the prevention of fire waste and accidents.

I WILL take an active part in recognized civic, charitable and philanthropic movements which contribute to the public good of my community.

TO THE COMPANIES

I WILL respect the authority vested in me to act in their behalf in serving the public, striving at all times to live up to the agreements made with my companies.

I WILL use care in the selection of risks, and do my utmost to merit the confidence of my companies by rendering them the fullest information attainable to enable them to under-

write their insurance intelligently; nor will I withhold any facts, that may come to my knowledge, detrimental to their interests.

I WILL expect my companies to give me the same fair treatment that I give to them, and will favor those companies that subscribe to the principles of the National Association of Insurance Agents and in the conduct of their business carry out these principles.

TO FELLOW MEMBERS

I PLEDGE myself to maintain friendly relations with other agencies in my community. I will compete with them on an honorable and fair basis, make no false statements, nor any misrepresentation by omission of facts, inference or subterfuge.

I WILL consider unethical, the obtaining of business by commercial bribery, coercion or unfair influence.

I WILL adhere to a strict observance of all insurance laws relative to the conduct of my business and will studiously avoid any practices which might cause the business adverse notoriety or disrepute.

I WILL cooperate in every reasonable way with my competitors for the betterment of the insurance business and its advancement to a still higher level of service.

Realizing that only by unselfish service can the insurance business have the public confidence it merits, I will at all times seek to elevate the standards of the insurance profession by governing all my business and community relations in accordance with the provisions of this Code and by inspiring others to do likewise.
